### 12.01 // MULTIMEDIA ARTIST MEETUP — 7PM

\* Calling all types of artists, regardless of craft. This will be a night of musical jamming, painting and drawing, writing, beading, or whatever else you can think of. ## IMPORTANT:

If we think you are not respecting our safe space, we will hold up a warning sign to let you know to be more mindful about what you are doing. If your actions or words continue, then we will verbally stop you during your performance. This is nothing against you as an individual, but rather to help keep a safe space.

keep our space a safe space!

Art is often intimate, descriptive, emotional, and powerful which means it can make an impact on someone whether it be positive or negative. A Trigger Warning or Content Warning is meant to give those a heads up on topics or actions that could mirror or reinvok a traumatic experience for someone. Please announce to the group if your poem will need a Trigger Warning or Content Warning (TW/CW). Triggers can include verbal content, physical actions, or tone.

\*\*\*A list of Trigger Examples:

Gore/Body Horror

ED related triggers (food, etc.)

Death

Mental Health (suicide, depression, etc.)

Volume

Aggressive Speaking/Tones

Physical Actions (throwing, stomping, etc.)

In general, it's up to your judgement when to explain or warn the group if you will be acting out anything that may be questionable
